SUMMARY OF THE REASONS FOR DECISION:

The publication entitled *raw scans 350-390 990601* is classified as: Unrestricted.

The publication is a CD-ROM (non-film) which contains 42 image files that are a combination of nude portraits of adolescent girls, landscapes, and still life compositions. The dominant feature of the publication is the romantic and aesthetic interpretation of the female subjects' nudity. The publication is not seen to overtly emphasise the sexuality of these young girls while presenting them in a sensual manner.

The matter of sex in the depiction of nudity raised in this publication is not considered injurious to the public good as outlined in the Films, Videos, and Publications Classification Act 1993 and consequently no restriction is placed on the publication. The freedom of expression contained in the New Zealand Bill of Rights Act 1990 is not limited by this classification.
